Navios Maritime Holdings Inc. Reports Financial Results for the Third Quarter and Nine Months Ended September 30, 2012

PIRAEUS, GREECE-(Marketwire - November 19, 2012) - Navios Maritime Holdings Inc. ("Navios Holdings" or "the Company") (NYSE: NM)

- To receive \$175.4 million of cash and \$41.2 million of insurance in restructuring its credit default insurance
- \$184.4 million EBITDA for the nine months ended September 30, 2012 \$60.8 million for Q3 2012
- \$19.4 million Net Income for the nine months ended September 30, 2012 \$4.6 million for Q3 2012
- \$395.5 million liquidity adjusted for cash received from insurer \$243.4 million liquidity as of September 30, 2012
- Dividend of \$0.06 per share for Q3 2012

Navios Maritime Holdings Inc. ("Navios Holdings" or "the Company") (NYSE: NM), a global, vertically integrated seaborne shipping and logistics company, today reported financial results for the third quarter and nine months ended September 30, 2012.

Angeliki Frangou, Chairman and Chief Executive Officer of Navios Holdings stated, "We had a solid quarter in a market environment that continues to be challenging. We also had a good nine months, reporting net income of \$19.4 million and EBITDA of \$184.4 million. As a result, we can continue returning capital to our shareholders through dividend payments and declared a \$0.06 dividend for Q3 2012 to shareholders of record on December 18, 2012."

Ms. Frangou continued, "Navios Holdings agreed to restructure the insurance arrangement with its credit default insurer. We believe that Navios Holdings will be stronger post the restructuring, as Navios will receive \$175.4 million lump sum cash payment and \$41.2 million of charter revenue covered by the restructured credit default insurance policy. We also enjoy market upside from the vessels relating to defaulted charters. We would not have had either of these advantages under the old insurance regime."

HIGHLIGHTS — RECENT DEVELOPMENTS

Navios Holdings

Credit Default Insurance

Navios Holdings announced today that it agreed to restructure its credit default insurance. In connection with this restructuring, Navios Holdings will receive:

- \$175.4 million lump sum cash payment; and
- \$41.2 million of revenue covered under the restructured credit default insurance policy

In addition, Navios Holdings has agreed to provide supplemental charter insurance to Navios Maritime Partners L.P. ("Navios Partners") with a maximum cash payment of \$20.0 million.

<u>\$175.4 milion lump sum cash payment</u>

Navios Holdings will receive \$175.4 million of cash from the credit default insurer, composed, in part, of \$164.4 million attributable to defaulted charters. The remaining \$11.0 million is not attributable to any charter and represents excess cash compensation.

Navios Holdings will receive 100% of all amounts due for defaulted charter contracts in a lump sum at closing, instead of during the insurance payment schedule. The Company estimates that the cash payment will result in a net present value benefit of \$25.5 million (assuming an 8% discount rate and 7-year payment period).

<u>Market Upside</u>

•

Under the restructuring, Navios Holdings will receive an undiscounted cash payment for its defaulted charter contracts. To the extent that the related vessels are rechartered for an amount greater than certain assumed daily mitigation rates (\$15,000 for Capesize, \$10,000 for Panamax, and \$8,000 for Ultra Handymax vessels), such excess offers Navios Holdings significant potential upside. Navios Holdings estimates that it will earn annually \$3.3 million for every \$1,000 per day earned above those mitigation rates.

• <u>\$41.2 million of revenue covered under the restructured credit default insurance</u>

The Company has \$41.2 million of charters participating in the pool insurance coverage from the credit default insurer. This insurance covers charters totaling \$217.1 million of both Navios Holdings and Navios Partners and will pay a maximum cash amount of \$120.0 million. All of Navios Holdings' counterparties included in the pool insurance are rated as investment grade by recognized rating agencies. All of the Navios Partners' counterparties included in the pool insurance are rated as investment grade by recognized rating agencies.

• <u>\$20.0 million supplemental charter insurance to Navios Partners</u>

As part of restructuring of the credit default insurance and pursuant to the management agreement between the parties, Navios Holdings agreed to provide supplemental charter insurance to Navios Partners with a maximum cash payment of \$20.0 million. The supplemental insurance covers \$76.7 million of charters which are not included in the restructured insurance from the credit default insurer.

Use of proceeds and closing of transaction

Navios Holdings anticipates using the proceeds to repay debt and for general corporate purposes. Closing of the credit default insurance restructuring is expected within November 2012, subject to customary closing conditions and required approvals by financing banks.

Time Charter Coverage

As of November 15, 2012, Navios Holdings has long-term fleet employment for periods up to nine years. As of November 15, 2012, Navios Holdings had chartered-out 98.0%, 33.7% and 10.6% of available days for 2012, 2013 and 2014, respectively, equivalent to \$262.4 million, \$93.2 million and \$47.4 million in revenue, respectively. The average daily charter-out rate for the core fleet is \$18,907, \$18,688 and \$30,343 for 2012, 2013 and 2014, respectively. The average daily charter-in rate for the active long-term charter-in vessels for 2012 is \$12,708.

The above figures do not include the fleet of Navios South American Logistics Inc. ("Navios Logistics") and vessels servicing Contracts of Affreightment.

Liquidity

Net Debt to Total Capitalization post insurance transaction is 42.9% and liquidity is \$395.5 million. Net Debt to Total Capitalization was 49.7% as of September 30, 2012. Navios Holdings' total liquidity, including lines of credit, as of September 30, 2012 was approximately \$243.4 million.

Dividend Policy

On November 12, 2012, the Board of Directors declared a quarterly cash dividend for the third quarter of 2012 of \$0.06 per share of common stock. The dividend is payable on January 4, 2013 to stockholders of record as of December 18, 2012. The declaration and payment of any further dividend remain subject to the discretion of the Board and will depend on, among other things, Navios Holdings' cash requirements after taking into account market opportunities, restrictions under its credit agreements and other debt obligations and such other factors as the Board may deem advisable.

Navios Logistics

In October 2012, Navios Logistics completed the construction of a new tank with a static storage capacity of 2,100 cubic meters which increased the total static storage capacity of the liquid port in San Antonio, Paraguay to 45,660 cubic meters.

Navios Logistics acquired one pushboat and six tank barges that were previously chartered-in for a total consideration of \$15.9 million. Pursuant to an agreement between the parties, the transaction was effective in July 2012.

Navios Maritime Partners L.P. ("Navios Partners")

On November 13, 2012, Navios Holdings received \$7.3 million representing the cash distribution from Navios Partners for the third quarter of 2012.

Navios Maritime Acquisition Corporation ("Navios Acquisition")

On October 3, 2012, Navios Holdings received \$1.3 million representing the cash distribution from Navios Acquisition for the second quarter of 2012.

Fleet Profile

Navios Holdings controls a fleet of 51 vessels totaling 5.1 million dwt, of which 30 are owned and 21 are chartered-in under long-term charters (collectively, the "Core Fleet"). Navios Holdings currently operates 47 vessels (16 Capesize, 11 Panamax, 18 Ultra-Handymax and two Handysize) totaling 4.8 million dwt. Additionally, Navios Holdings has four newbuilding charter-in vessels expected to be delivered at various dates through August 2013. The current average age of the operating fleet is 5.8 years.

Exhibit II provides certain details of the "Core Fleet" of Navios Holdings. It does not include the fleet of Navios Logistics.

Financial Highlights

Third Quarter 2012 and 2011 Results (in thousands of U.S. dollars, except per share data and unless otherwise stated):

The third quarter 2012 and 2011 information presented below was derived from the unaudited condensed consolidated financial statements for the respective periods. EBITDA is a non-U.S. GAAP financial measures, and should not be used in isolation or as substitution for Navios Holdings' results.

From March 30, 2011, Navios Acquisition is no longer consolidated and is accounted for under the equity method of accounting.

See Exhibit I under the heading, "Disclosure of Non-GAAP Financial Measures," for a discussion of EBITDA of Navios Holdings, on a consolidated basis, and Navios Logistics, and a reconciliation of such measures to the most comparable measures under U.S. GAAP.

	Three Months	Three Months
	Ended	Ended
	September 30,	September 30,
	2012	2011
	(unaudited)	(unaudited)
Revenue	\$163,944	\$ 173,810
EBITDA	\$ 60,765	\$ 67,293
Net Income	\$ 4,630	\$ 16,290
Earnings Per Share	\$ 0.04	\$ 0.16

Navios Holdings' total consolidated revenue for the three months ended September 30, 2012 decreased by \$9.9 million to \$163.9 million as compared to \$173.8 million for the same period during 2011.

Revenue from drybulk vessel operations for the three months ended September 30, 2012 was \$98.9 million as compared to \$105.0 million for the same period during 2011. The decrease in drybulk revenue was mainly attributable to (i) a decrease in the time charter equivalent rate ("TCE") per day by 17.9% to \$18,785 per day in the third quarter of 2012 as compared to \$22,884 per day in the same period of 2011 and (ii) a decrease in the short-term charter-in fleet available days of 174 days. This decrease was partially offset by (i) an increase in available days for owned vessels by 10.5% to 2,750 days in the third quarter of 2012 from 2,489 days in the same period of 2011 and (ii) an increase in the long-term charter-in fleet available days of 450 days.

Revenue from the logistics business was \$65.0 million for the three months ended September 30, 2012 as compared to \$68.8 million for the same period of 2011. This decrease was mainly attributable to the decrease in the Paraguayan liquid port's volume of products sold.

EBITDA of Navios Holdings for the three months ended September 30, 2012 decreased by \$6.5 million to \$60.8 million as compared to \$67.3 million for the same period of 2011. The \$6.5 million decrease in EBITDA was primarily due to: (a) a decrease in revenue of \$9.9 million; (b) an increase in direct vessel expenses (excluding the amortization of deferred drydock and special survey costs) of \$4.0 million; (c) an increase in losses from derivatives of \$0.1 million; and (d) a \$0.7 million increase in net income attributable to the noncontrolling interest. This overall variance of \$14.7 million was mitigated by (a) a \$4.6 million decrease in time charter, voyage and port terminal expenses; (b) a decrease in general and administrative expenses of \$1.6 million (excluding share based compensation expenses); (c) a decrease in net other expenses of \$1.6 million; and (d) an increase in equity in net earnings from affiliated companies of \$0.4 million.

EBITDA of Navios Logistics was \$13.2 million for the three month period ended September 30, 2012 as compared to \$8.9 million for the same period in 2011.

Net income of Navios Holdings for the three months ended September 30, 2012 was \$4.6 million as compared to \$16.3 million for the same period of 2011. The decrease of Net Income by \$11.7 million was mainly due to: (a) a decrease in EBITDA of \$6.5 million as discussed above; (b) an increase in interest income/expense and finance cost, net of \$2.7 million; (c) an increase in depreciation and amortization of \$2.0 million; (d) an increase of \$0.3 million in amortization for drydock and special survey costs; and (e) an increase of \$0.2 million in share-based compensation expense.

Nine months ended September 2012 and 2011 Results (in thousands of U.S. dollars, except per share data and unless otherwise stated):

The information for the nine month period ended September 30, 2012 and 2011 presented below was derived from the unaudited condensed consolidated financial statements for the respective periods. EBITDA, Adjusted EBITDA, Adjusted Net Income and Adjusted EPS are non-U.S. GAAP financial measures, and should not be used in isolation or as substitution for Navios Holdings' results.

From March 30, 2011, Navios Acquisition is no longer consolidated and is accounted for under the equity method of accounting. The table and the discussion below exclude the impact of Navios Acquisition and are presented to provide investors with a clearer picture of Navios Holdings on a going forward basis.

See Exhibit I under the heading, "Disclosure of Non-GAAP Financial Measures," for a discussion of EBITDA and Adjusted EBITDA of Navios Holdings, on a consolidated basis, Navios Acquisition and Navios Logistics, and a reconciliation of such measures to the most comparable measures under U.S. GAAP.

(*) Each of Adjusted EBITDA, Adjusted Net Income and Adjusted Basic Earnings Per Share for the nine months ended September 30, 2012 excludes a \$0.3 million gain on the sale of the Navios Buena Ventura to Navios Partners.

Each of Adjusted EBITDA, Adjusted Net Income and Adjusted Basic Earnings Per Share for the nine months ended September 30, 2011 excludes: (i) \$21.2 million of expenses relating to the bond extinguishment in January 2011; (ii) a \$35.3 million loss on change in control due to the Navios Acquisition deconsolidation; and (iii) a \$38.8 million gain on the sale of the Navios Luz and the Navios Orbiter to Navios Partners.

Navios Holdings' total consolidated revenue for the nine months ended September 30, 2012 decreased by \$7.8 million to \$488.0 million as compared to \$495.8 million for the same period during 2011.

Revenue from drybulk vessel operations for the nine months ended September 30, 2012 was \$299.6 million as compared to \$327.9 million for the same period during 2011. The decrease in drybulk revenue was mainly attributable to: (i) a

decrease in TCE per day by 15.8% to \$19,988 per day during the nine month ended September 30, 2012 as compared to \$23,727 per day in the same period of 2011 and (ii) a decrease in the short-term charter-in fleet available days of 365 days. This decrease was partially offset by: (i) an increase in available days for owned vessels by 4.8% to 8,016 days during the nine month ended September 30, 2012 from 7,649 days in the same period of 2011 and (ii) an increase in the long-term charter-in fleet available days.

Revenue from the logistics business was \$188.4 million for the nine months ended September 30, 2012 as compared to \$167.9 million during the same period of 2011. This increase was mainly attributable to: (a) increase in volumes and rates in the dry and liquid port terminals, (b) increase due to the expansion of the barge fleet in the third and fourth quarter of 2011 and (c) increase in time charter rates of cabotage vessels.

EBITDA of Navios Holdings for the nine months ended September 30, 2012 increased by \$2.4 million to \$184.4 million as compared to \$182.0 million for the same period of 2011. EBITDA of Navios Holdings for each of the nine month periods ended September 30, 2012 and 2011 has been affected by the items mentioned in the footnote to the table above. Adjusted EBITDA of Navios Holdings for the nine months ended September 30, 2012 decreased by \$15.6 million to \$184.1 million as compared to \$199.7 million for the same period of 2011. The \$15.6 million decrease in Adjusted EBITDA was primarily due to: (a) a \$6.8 million increase in time charter, voyage and port terminal expenses; (b) a decrease in revenue of \$7.8 million; (c) an increase in direct vessel expenses (excluding the amortization of deferred drydock and special survey costs) of \$7.2 million; and (d) an increase in loss from derivatives of \$0.2 million. This overall variance of \$22.0 million was mitigated by (a) a decrease in general and administrative expenses of \$2.6 million (excluding share based compensation expenses); (b) a decrease in net other expenses of \$2.1 million; (c) an increase in equity in net earnings from affiliated companies of \$1.0 million; and (d) a \$0.7 million decrease in net income attributable to the noncontrolling interest.

EBITDA of Navios Logistics was \$37.2 million for the nine month period ended September 30, 2012 as compared to \$29.0 million during the same period in 2011.

Net income of Navios Holdings for the nine months ended September 30, 2012 was \$19.4 million as compared to \$30.5 million for the same period of 2011. Net income of Navios Holdings for each of the nine month periods ended September 30, 2012 and 2011 has been affected by the items mentioned in the footnote of the table above. Adjusted Net Income of Navios Holdings for the nine months period ended September 30, 2012 was \$19.1 million as compared to \$48.2 million for the same period of 2011. The decrease of Adjusted Net Income by \$29.1 million was mainly due to: (a) a decrease in Adjusted EBITDA of \$15.6 million as discussed above; (b) an increase in interest income/expense and finance cost, net of \$7.0 million; (c) an increase in depreciation and amortization of \$4.0 million; (d) an increase of \$1.6 million in amortization for drydock and special survey costs; (e) an increase of \$0.5 million in share-based compensation expense; and (f) an increase in income taxes of \$0.4 million.

Fleet Summary Data:

The following table reflects certain key indicators indicative of the performance of the Navios Holdings' drybulk operations (excluding the Navios Acquisition and the Navios Logistics fleets) and its fleet performance for the three and nine month periods ended September 30, 2012 and 2011.

- (1) Available days for the fleet are total calendar days the vessels were in Navios Holdings' possession for the relevant period after subtracting off-hire days associated with major repairs, drydocking or special surveys. The shipping industry uses available days to measure the number of days in a relevant period during which vessels should be capable of generating revenues.
- (2) Operating days are the number of available days in the relevant period less the aggregate number of days that the vessels are off-hire due to any reason, including unforeseen circumstances. The shipping industry uses operating days to measure the aggregate number of days in a relevant period during which vessels actually generate revenues.
- (3) Fleet utilization is the percentage of time that Navios Holdings' vessels were available for generating revenue, and is determined by dividing the number of operating days during a relevant period by the number of available days during that period. The shipping industry uses fleet utilization to measure a company's efficiency in finding suitable employment for its vessels.
- (4) Equivalent Vessels, is defined as the total available days during a relevant period divided by the number of days of this period.
- (5) TCE is defined as voyage and time charter revenues less voyage expenses during a relevant period divided by the number of available days during the period

Disclosure of Non-GAAP Financial Measures

EBITDA represents net income plus interest and finance costs plus depreciation and amortization and income taxes, if any, unless otherwise stated. Adjusted EBITDA represents EBITDA excluding certain items as described under "Financial Highlights". EBITDA and Adjusted EBITDA are "non-GAAP financial measures" and should not be considered a substitute for net income, cash flow from operating activities and other operations or cash flow statement data prepared in accordance with generally accepted accounting principles in the United States or as a measure of profitability or liquidity.

EBITDA is presented to provide additional information with respect to the ability of Navios Holdings, Navios Acquisition and Navios Logistics to satisfy their respective obligations including debt service, capital expenditures and working capital requirements. While EBITDA is frequently used as a measure of operating results and the ability to meet debt service requirements, the definition of EBITDA used here may not be comparable to that used by other companies due to differences in methods of calculation.

The following tables provide a reconciliation of EBITDA of Navios Holdings, Navios Acquisition and Navios Logistics, which in the case of Navios Holdings is on a consolidated basis, and Adjusted EBITDA of Navios Holdings on a consolidated basis:
